Independent tensioning drive provides unequalled tensioning control and repeatability.

Software makes it easy to manage bundling tension and speed, track performance, troubleshoot issues and log data.

Versatile enough to be used by hand, on a benchtop, suspended overhead or in fully automated environments - to perform wherever you need it.

Powerpack collects production data on USB memory stick to analyze on a PC later.

Power Pack CPK with Control Box, 1/pkg

Article Number 106-00110

Type Power pack CPK with control box

Color Gray (GY)

Quantity Per carton

Product Description This accessory has the same functionality as item 106-00100 but with the added connectors for using the AT2000 CPK automatic cable tying tool in fully automated applications – robotics and PLCs, for example. In addition to routing power to the tool, this accessory collects the production data and information that can then be analyzed on a PC to fine-tune processes. An onboard USB port is used to offload data to USB drive. The Power Pack CPK with Control Box also has the socket necessary to add an optional foot pedal.
