| <b>Product Description</b>         | Specifically developed for maximum ergonomic and performance values, the Mark 7 and Mark 9 series tools combine reduced hand effort and durable components to ensure efficient assembly and a longer life cycle. The Mark 7 tools are used with T18 through T50 series HellermannTyton cable ties. The Mark 9 tools can be used with nearly every HellermannTyton cable tie. Able to accommodate ties to .530" in width, the Mark 9 is used with HellermannTyton's T18* series cable ties to the heavy duty ties, including the T250 series and EL-TY. High tension versions of both the Mark 9 and Mark 7 tools (MK9HT and MK7HT) offer the same design features as their standard counterparts but with higher cut-off tension capabilities. The Mark 9 and Mark 7 high tension tools both offer a 5/8" stroke. |
| <b>Short Description</b>           | MK9-221 Replacement blade, 1/Pkg  |
| <b>Global Part Name</b>            | MK9-221-ST-ML   |
| <b>Technical Description</b>       | Replacement blade for MK9 series.   |
| <b>Tension Setting Tools</b>       | Adjustable  |
| <b>Material</b>                    | Steel (ST)  |
| <b>Material Shortcut</b>           | ST  |
| <b>ROHS Compliant</b>              | Yes   |
| <b>Package Quantity (Imperial)</b> | 1   |
| <b>Package Quantity (Metric)</b>   | 1   |
