

## Specification Sheet

Part Number: MK9-221

Replacement blade for Mark 9 series tools.

<b>Article Number</b>	110-00221
<b>Type</b>	MK9-221
<b>Features &amp; Benefits</b>	<ul style="list-style-type: none"><li>– An easy to read display speeds adjustment and verification.</li><li>– Thumb tab on larger tension knob for easy adjustment.</li><li>– On the Mark 7, a larger knob sets the three variable tension levels (minimum, intermediate, and standard). The smaller knob fine tunes within the tension range.</li><li>– The larger knob on the Mark 9 sets to two variable tension levels (standard and heavy). The smaller knob fine tunes the tension setting.</li><li>– Housings are manufactured from a high impact, glass reinforced nylon.</li><li>– A double wall linkage adds more strength.</li><li>– Tough chromium steel components ensure longevity.</li><li>– MK7 &amp; MK9 are military specified.</li><li>– Single and dual lock-out features available for tensioning ranges.</li><li>– Cable tie tension and cut-off tools reduce operator fatigue and speed assembly.</li><li>– The Mark 7 features a one inch stroke, while the Mark 9 has a 5/8 inch stroke. Both reduce trigger cycles required to install cable ties.</li><li>– Ergonomic design on both tools ideally fit the operator's hand. Removable padded hand grips further reduce impact to the hand.</li><li>– Low friction bearing mechanisms reduce hand effort and provide a smooth stroke.</li><li>– Extremely light, the Mark 7 weighs only 10 ounces. The Mark 9 weighs just 13 ounces.</li><li>– Quick tension adjustability for flush cut-off.</li></ul>
<b>Quantity Per</b>	bag

**Product Description**

Specifically developed for maximum ergonomic and performance values, the Mark 7 and Mark 9 series tools combine reduced hand effort and durable components to ensure efficient assembly and a longer life cycle. The Mark 7 tools are used with T18 through T50 series HellermannTyton cable ties. The Mark 9 tools can be used with nearly every HellermannTyton cable tie. Able to accommodate ties to .530" in width, the Mark 9 is used with HellermannTyton's T18\* series cable ties to the heavy duty ties, including the T250 series and EL-TY. High tension versions of both the Mark 9 and Mark 7 tools (MK9HT and MK7HT) offer the same design features as their standard counterparts but with higher cut-off tension capabilities. The Mark 9 and Mark 7 high tension tools both offer a 5/8" stroke.

**Short Description**

Replacement blade for Mark 9 series tools.

**Global Part Name**

MK9-221

**Technical Description**

Replacement blade for MK9 series.

**Tension Setting Tools**

Adjustable

**ROHS Complaint**

Yes

**Package Quantity(Imperial)**
