

Specification Sheet

Part Number: MK9P

MK9 Pneumatic - Handle Air Supply Connection, includes tool and quick connect fittings.

Article Number	110-09101
Type	MK9P
Color	Black (BK)
Features & Benefits	<ul style="list-style-type: none">• Tool made of heavy duty parts to ensure optimum performance in demanding environments.• Ideal for heavy-duty ties (T50-T250), clamp and button head ties.• Same ergonomic improvements as the MK7P.• Low weight, comfortable grip and easy trigger depression.• Very durable, with adjustable, easy to read tension settings.• Lock-out features available.• Comes with lower air attachment, and optional upper air attachment.
Quantity Per	carton

Product Description

The Mark 9 Pneumatic (MK9P) is constructed with heavy duty parts to ensure that it performs optimally in demanding environments. It is ideally designed to apply heavy-duty ties (T50-T250), clamp and button head ties. Like the MK7P, HellermannTyton's MK9P incorporates the next level of ergonomic improvement with its low weight, comfortable grip and easy trigger depression. Very durable, the pneumatic MK9P features adjustable, easy to read tension settings. Lock-out features are available. The MK9P is available with lower air attachment (standard) or can be ordered with an upper air attachment.
