

Specification Sheet

Part Number: 110-88033

Cuts ties from 50 to 250 lb with a clean, flush cut for personnel safety and wire insulation integrity.

Quality construction with impact-resistant housing, tested at over 1 million cycles, provides high durability resulting in fewer repairs and an extended product life.

Lightweight tool with the most technologically advanced ergonomic design for reducing work-related risks such as fatigue and injury that affect productivity.

Industrial EVOi provides calibrated tensioning with operational reliability in securing bundles.

Tension dial offers 33 precise, easy-to-read settings (with 1/4" increments) that reduce subjectivity or the need for fine tuning.

Tension lock-in mechanism prevents operator from changing tension setting during critical applications.
