<td>Product Description</td>
<td>With its lightweight, ergonomic design, the MK9SST is an ideal tool for applying MBT-series stainless steel cable ties. As tough as these ties are, the MK9SST cuts and tensions without operator fatigue and is easy on joints. Tensioning is fully adjustable using a quick, two-level control with an additional fine setting. This avoids damage to bundles. Cable ties are cut off automatically flush with the head when the preset tensioning level has been reached.</td>

Global Part Name: MK9SST-PLGF-GY

Cable Ties: All MBT Series for both 304 and 316 materials

Tension Setting Tools: Adjustable

Cable Tie Width Max (Imperial): 0.6

Material: Plastic, glass-fiber reinforced (PLGF)

Material Shortcut: PLGF

Reach Compliant (Article 33): Yes

ROHS Compliant: Yes

Package Quantity (Imperial): 1

Package Quantity (Metric): 1

Customs Number: 8205599000
