Part Number: 156-03001

Clamp and mount combination means no extra hardware is needed, for time-saving, toolless, one-handed installation.

Three size ranges handle diameters from 0.5" to 2", reducing part inventory.

Clamp saddle provides additional attachment option using a cable tie.

Impact modified, heat and UV stabilized PA66 provides long-term durability, indoors and out.

Product Description The Quick2Clamp offers ultra-fast installation and versatility for managing conduit, tubing and cables. The built-in strut mount attaches with a simple twist. The one-piece design makes it simple to install. The robust, adjustable clamp closes by hand to the desired diameter. A release feature allows easy and nondestructive maintenance simply by using a flat-head screwdriver. In this way, the clamp can be reused or serviced without removing it from the strut.
