

## Specification Sheet

Part Number: FSTTBAXXTA21

FST, 13 Port, 2 Hellapon Small Tray (24 fiber), PP, Black, 1/pkg

**Article Number**

857-00617

**Type**

FSTTB-AXXTA21

**Color**

Black (BK)

**Features & Benefits**

- Compact size makes it ideal for up to 12 drops, Distributed Antenna Systems (DAS) and Remote Radio Head (RRH/RRU) applications.
- Aerial mounting, underground vault or direct burial for installation where fibers are needed.
- Mid span possible for simple routing within Passive Optical Networks (PON).

**Quantity Per**

kit

**Product Description**

The FST is a compact, cap-ended, ready-access, fiber-optic splice closure for use in aerial, underground and directly buried installations. Its small size, port flexibility and value make the FST popular for splicing low fiber count distribution cables in FTTH, FTTC, trunk and campus networks, as well as CATV and CCTV installations. The 13-port base configuration offers 12 round ports and one oval port for loop-through applications. Cover is environmentally sealed to the base using a rolling O-ring. Cable entry/exit points in the base are environmentally sealed using Cablelok mechanical seals to maintain density and sealing.

**Short Description**

FST, 13 Port, 2 Hellapon Small Tray (24 fiber), PP, Black, 1/pkg

**Global Part Name**

FSTTB-AXXTA21

**Technical Description**

The FST 13 Port closure is supplied with a Polypropylene base. The base configuration of 12 round ports and 1 oval port covers a cable diameter range of 1.7 – 16.5mm when using Cablelok mechanical seals. The mounting system is manufactured from Grade 304 stainless steel and can accommodate a maximum of 3 Hellapon Small trays or 1 Hellapon Small tray and basket giving a maximum of 36 fibre splices based on 12 splices per tray. The fibre basket provides storage space for the storage of fibre loops within the closure. The tubed closure and the position of the mounting system allows for ease of access and traceability of the fibre on to the trays. The trays are white which makes it easy to see the colour of the fibre elements as they are routed through the fibre management system and on to the trays.

**Port Count**

10 1 2

**Variant**

Outdoor Enclosure

**Material**

Polypropylene (PP)

**Material Shortcut**

PP

**Package Quantity(Imperial)**

1

**Package Quantity (Metric)**

1

**Customs Number**

9030400000

**Content Unit(BMEcat)**

pcs.
