

Specification Sheet

Part Number: CS-P280-067

Two-hole solid grommet can be field split, allowing installation over pre-terminated cables.

IP-68 compliant seal protects two 5 mm cable entries, preventing water damage.

Dual port option accommodates 1x2 PON splitter installations.

CCP Dual Entry Seal, 2X Dia. 5.0mm, Black, 1/pkg

Article Number 857-40594

Type CABLE-SEAL-P280-067

Color Black (BK)

Product Description The CCP entry seals provide dust and water protection for the cable entering and exiting the CCP cable ports. The CCP is provided with a 4-6mm split seal with a sealing pin to provide protection with or without a cable installed. This is a non-split replacement seal for the CCP to be used with 2x 5mm diameter cables. Seal can be field split to install over pre-terminated cable ends and continue to meet IP-68 sealing requirements. Two cables must be installed in the seal to achieve enclosure sealing.

Short Description CCP Dual Entry Seal, 2X Dia. 5.0mm, Black, 1/pkg
