

Specification Sheet

Part Number: FALCASM

Adapter, LC/APC Simplex, SM, No Flange, Green, 1/pkg

Article Number

904-01200

Type

FALCASM

Color

Green (GN)

Features & Benefits

- Snap-in, no flange design.
- Color coded for fiber/polish type.
- Dust caps included.

Quantity Per

EA

Product Description

Fiber-Optic Adapters are designed to connect fiber-optic patch cords and pigtails to each other. Connector ferrules are aligned with the internal precision alignment sleeve to provide optimal performance of the mated pair for data communications. Adapters are color coded to industry standards and provided with dust caps on both sides.
