Summary of Quality Information

Accreditation Programs

[View Accreditation History](#)

| Home Care | Accreditation Decision | Effective Date | Last Full Survey Date | Last On-Site Survey Date |
|---------------------------|---|----------------|-----------------------|--------------------------|
| | Denial of Accreditation | 12/3/2018 | 10/18/2018 | 10/18/2018 |

The following information provides a general description of the areas in which performance issues were found. Each of these areas typically has many specific requirements. The area is listed if one or more of the specific requirements were determined to require improvement.

- This organization withdrew from accreditation after being found not to be in compliance with all applicable standards. In these circumstances, the organization receives a Denial of Accreditation decision.
- Based on the identified risks, the organization sets goals to minimize the possibility of spreading infections. Note: See NPSG.07.01.01 for hand hygiene guidelines.
- Comply with either the current Centers for Disease Control and Prevention (CDC) hand hygiene guidelines or the current World Health Organization (WHO) hand hygiene guidelines.
- Governance is ultimately accountable for the safety and quality of care, treatment, or services.
- Identify risks associated with home oxygen therapy such as home fires.
- Staff and licensed independent practitioners performing waived tests are competent.
- Staff are competent to perform their responsibilities.
- Staff participate in ongoing education and training.
- The organization audits its patient records.
- The organization collects data to monitor its performance.
- The organization compiles and analyzes data.
- The organization complies with law and regulation.
- The organization identifies risks for acquiring and spreading infections.
- The organization implements the infection prevention and control activities it has planned.
- The organization improves performance.
- The organization provides care, treatment, or services in accordance with orders or prescriptions, as required by law and regulation.
- The organization provides interdisciplinary, collaborative care, treatment, or services.
- The organization verifies staff qualifications.
- The patient record contains information that reflects the patient's care, treatment, or services.

National Patient Safety Goals and National Quality Improvement Goals

Symbol Key

-  This organization achieved the best possible results
-  This organization's performance is above the target range/value
-  This organization's performance is similar to the target range/value
-  This organization's performance is below the target range/value
-  This measure is not applicable for this organization
-  Not displayed

Measures Footnote Key

1. The measure or measure set was not reported.
2. The measure set does not have an overall result.
3. The number is not enough for comparison purposes.
4. The measure meets the Privacy Disclosure Threshold rule.
5. The organization scored above 90% but was below most other organizations.
6. The measure results are not statistically valid.
7. The measure results are based on a sample of patients.
8. The number of months with measure data is below the reporting requirement.
9. The measure results are temporarily suppressed pending resubmission of updated data.
10. Test Measure: a measure being evaluated for reliability of the individual data elements or awaiting National Quality Forum Endorsement.
11. There were no eligible patients that met the denominator criteria.

The Joint Commission only reports measures endorsed by the [National Quality Forum](#).

* This information can also be viewed at [Hospital Compare](#).

** Indicates per 1000 hours of patient care.

*** The measure was not in effect for this quarter.

---- Null value or data not displayed.
