National Patient Safety Goals and National Quality Improvement Goals

Symbol Key

-  This organization achieved the best possible results
-  This organization's performance is better than the target range/value
-  This organization's performance is similar to the target range/value
-  This organization's performance is worse than the target range/value
-  This measure is not applicable for this organization

-  Not displayed

Measures Footnote Key

1. The measure or measure set was not reported.
2. The measure set does not have an overall result.
3. The number is not enough for comparison purposes.
4. The measure meets the Privacy Disclosure Threshold rule.
5. The organization scored above 90% but was below most other organizations.
6. The measure results are not statistically valid.
7. The measure results are based on a sample of patients.
8. The number of months with measure data is below the reporting requirement.
9. The measure results are temporarily suppressed pending resubmission of updated data.
10. Test Measure: a measure being evaluated for reliability of the individual data elements or awaiting National Quality Forum Endorsement.
11. There were no eligible patients that met the denominator criteria.
12. The measure rate is within optimal range.

* This information can also be viewed at [Hospital Compare](#).

** Indicates per 1000 hours of patient care.

*** The measure was not in effect for this quarter.

---- Null value or data not displayed.
